EXPERIENCE

SUMMER INTERN: API DEVELOPER

GreenOrange Information Technology Pvt. Ltd.
may 2024- july 2024

- I started at GreenOrange as a Summer Intern, in the following days , I worked in major deliveries and API management projecte in communications. industry.
- Acted as a contact point between the technical team, functional team and the test teams
- Performed requirements analysis, design, development, and test management for WebAPI's.
- Estimated, performed feasibility analysis and forecast risks and planned the delivery for new requirements
- Contributed to each project delivery phase (analysis, development, ops) in different roles
- Delivered new features in both Fast API and Flutter
- Established self as proficient in Debugging Code among the higher officials.

PROJECTS

- Worked on the project for cctv surveillance to authorised personnel in a major Corporate company
- Led a team up-to 3 developers
- Managed a development team and completed 2 projects in 28 days (time estimated was 2 months)
- Worked on a project for transport tracking dashboard for a private company and expected 30+ positive reviews from 100 users for creative design and clear visibility of options for new users.
